What We’ve Done in 2019
Furthering the needs of neighbor island technologies

- Developing schematics and logistics for comprehensive wireless internet throughout all neighbor island courthouses
- Showcasing current courtroom software such as Trialpad in furtherance of efficient and effective courtroom proceedings
- Testing and applying beta and alpha technology in use inside and outside of the courthouse to better the entirety of Hawaii’s legal professionals.

Looking forward to 2020

- Continue to explore expanding technological capabilities of Hawaii’s courthouses
- Ensure Hawaii’s legal professionals remain at the forefront of legal practice software
- Provide technological assistance regarding Hawaii’s complete transfer to electronic filing.

Respectfully submitted,

JACOB K. LOWENTHAL
Chair, Technology Committee
