

Pronouns Matter: A Conversation about the Language of Pronouns in the Workplace and in Practice

Participants will learn more about incorporating simple ways to make their practice inclusive, starting with gender pronouns. If participants have seen an increased use of "their" or heard language around gender that are new to them "I am a cis female" or "They identify as non-binary", this is a great session to learn more. This setting is a safe place to learn and practice language to make your employees, co-workers, and clients feel welcome.
