# STUDENT & FACULTY TESTIMONIALS

"Love the faculty! Receiving comments by faculty was scary at first, but really beneficial. I like receiving two rounds of comments (in room/video)."  
- **Kourtney Wong**

"Excellent program. So glad that I came out for this. As an outer island attorney, I relish the opportunity to learn from peers in Honolulu and practice my craft. The advice I received from all faculty was full of information/advice, conveyed in an honest yet extremely supportive way."  
- **Trial Academy Alum 2018**

"Experienced faculty, including amazing perspectives from the judges. Appreciate the number of volunteer attorneys and witnesses. Excellent job and well-organized."  
- **Trial Academy Alum 2018**

"One-on-one interaction and personalized critiques. Each teacher provided something new and helpful for me to carry throughout these early years of developing my career. Teachers listened, were relatable, and presented critiques."  
- **Alisa Auzenne**

"Useful program no matter what your level of experience is. Great networking opportunity. Members of the judiciary are part of the faculty and gave us a different perspective based on what they expect from the attorneys during trial."  
- **Carol Tribbey**

"Fabulous faculty! And in addition to being fabulous, they were all helpful and personable beyond the parameters of instruction. Pace and schedule were very well managed. Demonstrations were excellent. Packet of information and "problem" was well crafted."  
- **Scott S. Schmidtke**

"Very valuable. Lots of individual participation. Great training. 5 stars on the quality of the instructors/comments. 5 stars on the quality of the materials. 5 stars on the structure/schedule/logistics. 5 stars on the quality of the exercises."  
- **Sam Shnider**

"The format of the program was excellent! Although there was a lot of necessary preparation up front, going through the exercise of creating all parts of the case and presenting what we prepared was worth it. It was helpful to watch the other members in our group conduct their presentation. To me, the most valuable thing was the comments we received from the instructors. The instructors' presentations gave me ideas of different things I wanted to try/incorporate into my own presentation and practice. You can tell that the faculty put time and effort to make this program and I appreciated the opportunity to be a part of it." - **Art Roeca (Faculty)**
